

## D. A. R. EXHIBIT OF RELICS ATTRACTS MUCH ATTENTION.

Under the auspices of the local chapter Daughters of the American Revolution a splendid exhibit of relics is being held at the home of Mr. and Mrs. T. C. Patterson, and those who are interested in the things of long ago should not fail to attend. Many of the articles are considerably over a hundred years old, and none are less than fifty. There are books that were printed 150 years ago, newspapers giving an account of the death of Washington and the assassination of President Lincoln; there are deeds for the conveyance of land executed in revolutionary times, silverware and plate made and used a hundred years ago, woven quilts that date back to the early part of 1800, swords that were in the civil war, china and earthenware that are older than any person in North Platte, and lines of fancy work that are very valuable by reason of their age and workmanship.

The exhibit opened yesterday and will be continued this afternoon and evening, and Saturday will be a special day for children.

Members of the chapter in colonial gowns, serve tea.

An admission of twenty-five cents for adults and ten cents for children is charged.

## No Game Today.

The foot ball game scheduled for today on the local field between the Lexington and North Platte teams, has been cancelled. The cancellation is due to the existing small-pox in this city, the Lexington board of education deeming it not wise to expose the students of their schools to possible infection.

## GOVERNOR NEVILLE FORMALLY TENDERS HIS RESIGNATION.

The resignation of Governor Keith Neville as executive of Nebraska is now in the hands of Secretary of State Pool.

The resignation is offered to take effect upon the acceptance of the Seventh regiment, Nebraska National Guard, into the federal service. Governor Neville has already been appointed Colonel of the Seventh regiment and has accepted the appointment.

The Seventh regiment of the Nebraska National Guard has been inspected within the last week and is declared to be of full war strength and in complete state of preparedness for the federal call to service.

The governor's resignation was as follows:

Frederick V. Bowers and a well balanced company presented "His Bridal Night" to a crowded house at the Keith last night. The play has a well defined plot, which centers around two girls who are so similar in appearance that Joe Damoral, who weds one of them cannot distinguish his bride from his sister-in-law, which leads to complications and comical situations. The play is surrounded with catchy music rendered by very good voices.

Joe McGraw, who is running as freight conductor out of Grand Junction on the Rio Grande road, arrived in town Wednesday and will remain for ten days visiting relatives and friends.

During the past month fifteen or more firemen who were employed made their student trips and failed to show up afterwards. Evidently they concluded the work of shoveling coal into a fire box too strenuous.

At the coal dock the pile of storage coal is not increasing very rapidly. Up to Tuesday night there were 1200 tons in storage, or about enough to cover the consumption at this terminal for three days, for the daily consumption averages 400 tons. The coal is being stored just east of the round house and not at the newly created docks.

Passenger brakemen on some of the eastern roads draw the princely salary of \$62.50 per month. We can't fault that class of employees for demanding an increase of pay and voting to strike if they don't get it. However, there will be no strike, for in the present demand of train employees the differences between them and their employers are certain to be settled by some sort of arbitration or mediation.

The campaign for membership to be instituted by the North Platte chapter of the Red Cross wherein it is hoped to enroll 1,000 members, is a work in which we should all individually assist. No organization connected with the war is doing a better and a greater work than the Red Cross, and every woman in North Platte and Lincoln county should become a member and do her "bit."

## SUBSCRIPTIONS IN 16th DISTRICT WILL EXCEED \$10,000.

Harry Dixon, chairman of the Sixteenth District, has not received complete returns of the subscriptions to the Y. M. C. A. war fund, but the counties reporting in full show a total of \$10,663.00, or \$337 less than the amount apportioned to the district. Keith county's subscription was \$1250. Hooker county gave \$1076, Grant county \$656, and Thomas county \$230.00. No reports have been received from Arthur county and only partial returns have come in from McPherson and Logan counties. It is probable that when all reports are in it will be found that the full allotment to the district has been subscribed.

Owing to the lay of the district and the fact that the counties are sparsely settled, it was a difficult matter to effect thorough organization, but Chairman Dixon succeeded well in this work, and he has reason to feel well satisfied with the results.

## Economy in Library.

The public library has decided to ask the people to help economize in a way that will not work any hardship upon any user of the library. It has been the custom of the library, as a matter of courtesy, to send postal and letter notices for overdue books. The public library now asks all borrowers to return books when due without reminder. The money thus saved will be put into new books, a far better use for it than to remind people of their obligations.

## Extends Thanks.

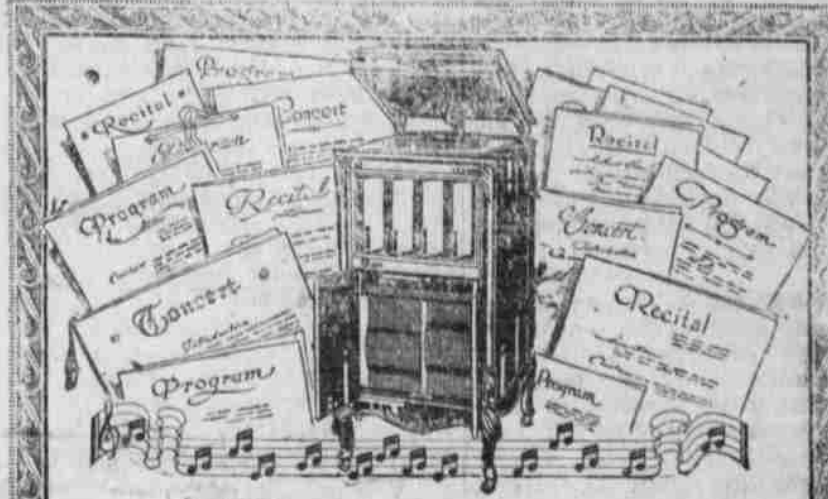

The people of Lincoln county have made a wonderful showing in their subscriptions to the Y. M. C. A. war work fund. The apportionment for Lincoln county was \$4,000 and you have given nearly \$7,000. As county chairman I wish to thank all who gave their time or money or both.

C. O. WEINGAND, County Chairman.
